

U. S. DEPARTMENT OF AGRICULTURE
OFFICE OF INFORMATION
PRESS SERVICE

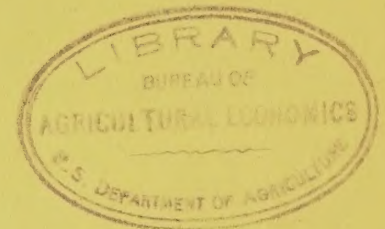

Immediate Release

WASHINGTON, D. C.

January 9, 1934.

AGRICULTURAL ADJUSTMENT ADMINISTRATION

EXECUTIVE ORDER DIVIDES CODES
BETWEEN N.R.A. AND A.A.A.

An executive order was signed today by the President upon recommendation of Secretary of Agriculture Wallace and Administrator Hugh Johnson of the National Recovery Act, which will transfer certain codes of fair competition heretofore placed under the jurisdiction of the Secretary of Agriculture by previous Executive order.

The order of June 26, 1933, delegating to the Secretary of Agriculture certain powers under the National Industrial Recovery Act was amended by the new Executive order to keep under the jurisdiction of the Secretary of Agriculture only the codes for industries and trades which directly affect farmers.

Under Section 1 of the new Executive order, limited jurisdiction over 17 industries and trades which have already filed codes will be given to the National Recovery Administration, subject to certain limitations. These trades and industries are:

Beans (dried)	Shippers
Brooms	Manufacturing
Canners	
Florists	
Feed	Retail
Hide and Skin	Dealers
Peanut millers	
Pecan distributors	
Pecan shellers	
Pickle packing	
Popcorn	Manufacturing
Potato chip	Manufacturing
Preserves	
Rendering	
Seed producing and shippers	
Soybean oil	Manufacturing
Vinegar	Manufacturing

18. The eighteenth of these is the fact that the

Codes of a few other first processors which may hereafter be filed under the National Recovery Act will also be covered by the limitations.

These limitations provide that the functions and powers transferred to the National Recovery Administration shall not, without the written approval of the Secretary, be exercised on the industries and trades above mentioned, through fixation or control of:

(1) Prices in connection with the purchase of agricultural commodities from producers and the subsequent sale or disposition by first processors of the first processed articles.

(2) Brokerage fees involved in the purchase of agricultural commodities from producers and the subsequent sale or disposition by first processors of the first processed articles.

(3) Credits and financial charges with reference to agricultural products.

(4) Commission rates in connection with the purchase of agricultural commodities from producers and the subsequent sale or disposition by first processors of the first processed articles.

(5) Purchasing arrangements with regard to agricultural commodities in their original form.

(6) Marketing quotas in connection with the purchase of agricultural commodities from producers and the subsequent sales or disposition by first processors of the first processed articles.

(7) Plant capacity and/or its allocation.

The order states that the limitation is established in order that these industries may be dealt with by the Secretary of Agriculture under Section 8 of the Agricultural Adjustment Act without conflicting with the exercise of such functions and powers by the Administrator of the National Recovery Act.

Section 8 of the Agricultural Adjustment Act, empowers the Secretary of Agriculture to enter into marketing agreements with processors, associations of producers, and others engaged in handling any agricultural commodity and to issue licenses for processors of agricultural commodities to eliminate unfair practices or charges that prevent the effectuation of the declared policy of the Agricultural Adjustment Act

Section 2 of the Executive order covers industries, trades, and their subdivisions over which the Secretary of Agriculture shall continue to exercise the jurisdiction delegated to him by the earlier executive order. The order does not specifically name the codes to be retained by the Secretary of Agriculture but describes the character of the industries or trades affected, as follows:

There is a great deal of work to be done in the field of the history of the United States.

The first thing that should be done is to get a better understanding of the history of the United States.

The second thing that should be done is to get a better understanding of the history of the United States.

The third thing that should be done is to get a better understanding of the history of the United States.

The fourth thing that should be done is to get a better understanding of the history of the United States.

The fifth thing that should be done is to get a better understanding of the history of the United States.

The sixth thing that should be done is to get a better understanding of the history of the United States.

The seventh thing that should be done is to get a better understanding of the history of the United States.

The eighth thing that should be done is to get a better understanding of the history of the United States.

The ninth thing that should be done is to get a better understanding of the history of the United States.

The tenth thing that should be done is to get a better understanding of the history of the United States.

1. Commodity Exchanges.
2. Industries, trades, and subdivisions thereof engaged principally in the handling, processing or storing of:
 - (a) Milk and its products, but excepting packaged pasteurized, blended, and/or processed cheese.
 - (b) Oleomargarine and vegetable oils, but excepting soya bean oil.
 - (c) Cotton and cotton seed and their products, including ginning, cotton-seed crushing, cotton-seed oil refining (excluding the manufacture of textiles and processing and handling subsequent thereto.)
3. Industries, trades and subdivisions thereof engaged principally in the handling, processing or storing up to the point of first processing and the subsequent sale and disposition by such processors of:
 - (a) Livestock and its products.
 - (b) Wheat, corn, rice and other grains, but excepting cereals, pancake flours, self-rising flours, cake flours and like products sold in grocery store sizes, and grocery store products of corn.
 - (c) Sugar and its by-products.
 - (d) Anti-cholera hog serum and virus.
 - (e) Naval Stores.
 - (f) Tobacco and its products.
4. Fresh fruits and vegetables and poultry and poultry products up to and including handling in wholesale markets and the subsequent sale and disposition by such handlers in wholesale markets.

Pending codes which have been filed under the earlier executive order and over which the Secretary of Agriculture will retain jurisdiction are listed by the Agricultural Adjustment Administration as follows:

Anti-cholera hog serum
Cheese
Corn Millers
Corn Products
Cotton Exchange - New York
Cotton Exchange - New Orleans
Cotton - Oleomargarine
Cotton Traders

General Principles

1. The first principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
2. The second principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
3. The third principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
4. The fourth principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
5. The fifth principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
6. The sixth principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
7. The seventh principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
8. The eighth principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
9. The ninth principle is that the law is a system of rules which are created by the state and which are binding on all citizens.
10. The tenth principle is that the law is a system of rules which are created by the state and which are binding on all citizens.

Cottonseed Crushing
Cottonseed Oil Refining
Egg and Poultry
Feed, Hay and Straw
Fruits and Vegetables - Fresh
Grain - Country Elevators
Grain Exchanges
Grain - Flour Milling
Grain - Terminal Elevators
Hog Exchanges
Linseed Oil
Livestock Marketing Agency Industry
Maltsters
Poultry Breeders
Rice - California
Stockyards Operators
Sugar Exchanges
Sugar (Beet) Producing
Sugar Refining
Tobacco, Cigar Manufacturing
Tobacco Leaf Dealers
Warehouse, Cotton
Warehouse, Refrigerated
Warehouse, Rice
Warehouse, Tobacco
Warehouse, Wool and Mohair

Codes which may hereafter be filed in the Agricultural Adjustment Administration and which shall remain there cover the following industries: Butter, Cigarette Manufacturers, Ice Cream, Milk Fluid, Milk Evaporated, Meat Packers, Naval Stores.

Functions and powers delegated to the Administrator of the National Recovery Administration, or heretofore delegated to the Secretary of Agriculture, and which remain delegated to the Secretary of Agriculture by the terms of the Executive order may, by written agreement between the Secretary of Agriculture and the Administrator of the National Recovery Administration, be redelegated to the Secretary of Agriculture or be delegated to the Administrator of the National Recovery Administration.

Under the order the following pending codes would be transferred to the National Recovery Administration:

California

Alameda

San Francisco
